Physical Medicine & Rehabilitation specialist, Dr. Janalee Krick Rissover, is certified to recommend medical marijuana for qualifying medical conditions. Patients must undergo a complete evaluation to determine if medical marijuana is appropriate for their course of care. Patients must have a physician referral in order to be evaluated for medical marijuana.

What is the process for acquiring Medical Marijuana?

After an evaluation from Dr. Rissover, if a patient qualifies for medical marijuana, the recommendation is submitted to the Ohio Automated Rx Reporting System (OARRS). Patients will then receive an email to finish the OARRS registration process. Patients then can pick up medical marijuana products at a licensed distribution center.
